

Gap Analysis

Does your Health and Safety System comply with all the Safety Legislation?

Have “All Practicable” management system steps been taken on your worksite to provide for the safety of all employees, contractors and visitors?

Weekly we meet with organisations who thought they complied with the safety legislation when in reality they didn't..... Could you be one of these organisations?

A Gap analysis is essentially a safety assessment and safety audit. Frontline Safety can perform a Gap analysis of your current Safety Management System to determine if there are any gaps or non-compliance issues which need correcting to minimise your risk of becoming a sad safety statistic.

You will receive a comprehensive report detailing areas requiring your action and you will also receive practical solutions and guidance to achieve a compliant and robust system. You can also request we take care of the management of your risks for you.

What's involved?

The following management systems components are analysed:

- Management commitment
- Employee knowledge
- Hazard identification & control
- Workplace inspections
- Hazardous substances
- Training & supervision
- Health monitoring
- Emergency procedures
- Accident reporting, recording and investigations
- Contractor management
- Injury management
- Health and Safety Policies

Investment \$350.00 - Assessment and Comprehensive detailed report

Call Frontline Safety today to book your Safety Gap Analysis so you can have confidence that you will receive expert guidance and minimise your risk of a workplace prosecution or serious injury.

New legislation - The Bill provides that an insurance policy that indemnifies a person against a fine or infringement fee under the Act will be of no effect.

This means you cannot get insurance to cover you if you are prosecuted/fined under the new legislation.

Are you insured against fire? Most probably! – What is more likely to occur, your business burns down or an employee breaches the Health and Safety Act?

You need an active Health and Safety System now.

All prices exclude GST

We look forward to being able to work with you.
